

TO ALL WEATHERLY BOROUGH RESIDENTS

IMPORTANT REMINDER!

HELP US GET THE LEAD OUT!

The United States Environmental Protection Agency (EPA) has mandated all community and non-transient non-community water systems to submit a service line inventory to identify the material of all service lines connected to the public water distribution system by **Wednesday, October 16th, 2024.**

The Weatherly Borough is requesting your help in identifying and ultimately removing lead service lines from existing infrastructures.

Surveys were in the September 2023 inserts. Please return the information at your earliest convenience!

If you need another survey, contact the borough office at **570-427-8640 Monday-Friday 8:00 am to 4:00 pm, or go to the following link to complete the survey:**
